

# PENRYN Town Council

**PLANNING COMMITTEE**

**15 NOVEMBER 2016**

## **On Street Pay and Display Parking**

**Author: Michelle Davey, Town Clerk**

### **1. Background**

Traffic and parking have become an increasing issue in Cornwall over recent years, to a point that, in some towns in particular, it is now a major problem. Cornwall Council has identified seven areas in Cornwall as having the biggest parking problems of which Falmouth and Penryn is one. During the summer of 2016 Cornwall Council carried out a town parking review in those towns. Based on the feedback received, they developed a series of proposals for parking solutions in each of the towns that includes new Residents' Parking Zones and new on-street Pay and Display parking.

### **2. Discussion**

The consultation questionnaire is designed for public use and several of the questions are not relevant to the Town Council. However, there are a number of questions which are relevant that the Town Council may wish to respond to:

4. Do you think the amount of on-street Pay and Display parking proposed for your town is: About right/Too much/Too little/Don't know?
5. Do you think on-street Pay and Display parking will help people to have better access to shops and businesses? Yes/No/Don't know
6. Are there any other locations in your town where you think on-street Pay and Display parking SHOULD be introduced? Yes/No/Don't know  
If yes, where and why?
7. Are there specific locations where you think Pay and Display parking SHOULD NOT be introduced? Yes/No/Don't know  
If yes, where and why?

### **3. Recommendation**

That delegated authority be granted to the Town Clerk, in consultation with the Chairman, to respond to the consultation in accordance with the views expressed by the Committee.

### **4. Appendices**

Further details of the proposals and the parking review can be found on Cornwall Council's website at <http://www.cornwall.gov.uk/transport-and-streets/parking/parking-consultations/town-parking-review/>.
