## Respective responsibilities of the council and the auditor

The council is responsible for ensuring that its financial management is adequate and effective and that it has a sound system of internal control. The council prepares an annual return in accordance with proper practices which:

**Risk Assessment**

We note that the council has not undertaken a risk assessment. Risk management is not just about insurance. It is about achieving the objectives of the parish council to deliver high quality public service. Members are ultimately responsible for risk management because risks threaten the achievement of policy objectives. As a minimum, members should: -

- take steps to identify the key risks facing the parish council
- evaluate potential consequences to the council if an event identified as a risk takes place; and
- decide upon appropriate measures to avoid, reduce or control the risk or its consequences. This might involve insurance or the implementation of internal controls.

More guidance on risk management can be found in the NALC / SLCC publication "Governance and Accountability in Local Councils in England and Wales – A

The Parish Council has not documented its internal controls. The Parish Council should ensure that internal financial controls are fully documented and periodically reviewed. The Council are aware and are putting steps in place to prepare and approve an internal controls document in 2013/14.

**Financial Regulations and Standing Orders**

The Council has not updated Financial Regulations and Standing Orders during 2012/13. We note that the Council updated and approved new Financial Regulations and Standing Orders on 1 July 2013.
